

Working At Life

Chloe's Sides

Start

Chloe frantically searches for a paper, a voice calling to her.

Will (o.s.)

Need help?

Chloe turns in her chair, facing Will, shocked.

Chloe

Will! I wasn't expecting to see you.

Will

A little voice in the back of my head thought that you might need some help, unless you don't anymore.

Will begins to back away, forcing Chloe to decide.

Chloe

Please! I need all the help I can get.

Will laughs and stands next to Chloe.

Will

I'm happy to help!

The two share a laugh.

Will (con't)

Would you care to go out for dinner?
I think it's the least I can do to make up
for my past actions.

Chloe is speechless.

Chloe

You really mean that?

Will

Absolutely.

Chloe stands up and hugs Will.

Chloe

I guess it's a date then.
