

HADDONFIELD CALL SIDES

CHELSEA CURTIS SIDES

START

OFFICER CHELSEA CURTIS

Hello? Anyone here? If this is some stupid joke just come out now and we can get this night over with.

OFFICER CHELSEA CURTIS

NICK? What the hell are you doing here?

OFFICER NICK CARPENTER

Well, I was driving by enjoying my night off, until I heard a rookie on coms wanted to explore an old abandoned house by herself.

He gives her a slight cheeky smile as he looks at her as she gives him a small punch on the arm.

OFFICER CHELSEA CURTIS

You know just because you're one rank above me, and my boyfriend, it doesn't make you my boss right? Also I got this. It's most likely just some highschoolers trying to scare the neighborhood.

OFFICER NICK CARPENTER

On Halloween night of all nights too.

OFFICER CHELSEA CURTIS

Aw is someone scared? Do you need your rookie girlfriend to hold your hand?

She giggles as he chuckles a response.

OFFICER NICK CARPENTER

Oh shush I ain't scared of anything.

OFFICER CHELSEA CURTIS

except clowns

OFFICER CHELSEA CARPENTER

Oh OK I see you wanna play hardball. Then why don't I give you a little scary story.

OFFICER CHELSEA CURTIS

Alright, lay it on me Mr big brave cop.

OFFICER NICK CARPENTER

Alright, this is a true story about a haddonfield cop who was the highest rank of the station. His name was officer James and he was one of the best cops out there, he was great when it came to cases but there was one he always struggled with. A call about screaming complaints coming from an abandoned house-.

Chelsea interrupts

OFFICER JAMIE CURTIS

An old abandoned house? Seriously Nick, that trope has been used so many times in scary stories.

OFFICER NICK CARPENTER

Hey no interrupting, now can you please let me finish?

OFFICER JAMIE CURTIS

Yes yes, sorry for interrupting your little story.

OFFICER NICK CARPENTER

Thank you. Now each time he went to that house there was nothing, it came to the point where he counted each call there was even sometimes ranking the best and worst calls. Until one day he had enough and went to the house by himself which is what caused his demise. When backup came all they found was his bloody badge and gun, after that the house was destroyed by order of the town.

Curtis shows a hint of fear.

OFFICER JAMIE CURTIS

That...Wasn't so scary, besides you said it was in a different house.

OFFICER NICK CARPENTER

Heh yeah that's true...wait, or was it actually this house? I always get that story confused.

Curtis face goes white as a ghost.
