PHIL

Definitely not. Was bein' creative
that worth it?

KRIS

I just can't help myself! Being creative is in my blood.

Kris faces back to the fridge.

PHIL

Say, why ARE you creative? It never dwelled on me till now.

KRIS

Well, as a kid, I really liked
drawing pictures.

KRIS (cont'd)

Seeing my parents hang it on the
fridge... getting complimented for
it... it just strives me to be that
kind of person.

PHIL

Well that lines up. But you know we split the rent. You gotta find a job soon, or
we're homeless.

KRIS

I know, I know. I just... hope I can.

PHIL

Hey. You got this.
