

## **A HADDONFIELD CALL SIDES**

### **SAM SIDES**

#### **START**

#### **SAM**

I'm Sam...this was all only supposed to be a simple dare-.

#### **OFFICER NICK CARPENTER**

A dare? What do you mean?

#### **SAM**

My friends and I were dared to spend the whole night here. Things were fine until my friend Adam was killed, the rest of us hid but we were then attacked when we tried to leave. My friend Gordon stayed behind to fight him-.

Sam coughs up more blood as they speak.

#### **OFFICER CHELSEA CURTIS**

Hey hey speak nice and slow, take your time Sam.

#### **SAM**

Sorry..I then hid upstairs with my friend Zoron. We were found and I got stabbed which made Zoron run away and the killer followed him, all I heard was a thud when I was on the ground. Sam once again coughs out more blood as they get worse.

#### **OFFICER NICK CARPENTER**

Sam. Were you able to get a good look at the killer?..

#### **SAM**

I couldn't see his face because he was wearing a mask, a filthy horrifying white mask...He looked like a boogeyman.

#### **SAM**

(final breath)

..Run..

#### **END**
