INT. SEANCE SOLUTIONS BREAK ROOM - DAY

WRAITH and SPECTRA, both in white cloth boo ghost outfits.

SPECTRA

And then I switched all the mayo in the kitchen with ectoplasm! You should have seen the lunch lady's face. It was priceless. Wraith? Wraith are you even listening?

Wraith strokes his chin, staring off into space pondering.

WRAITH

"We live in deeds, not years; in thoughts, not breaths."

SPECTRA

Not another one of your proverb phases. I'm trying to tell you about my great prank!

WRAITH

"A smooth sea never made a skilled sailor." The challenges of ectoplasm are what refine our ghostly abilities, my friend.

SPECTRA

Will you quit it with the quotes already? I want to know what you thought of-

WRAITH

"He who questions training only trains himself at asking questions." Your mayonnaise mischief demonstrates bold resourcefulness. However, I worry some spirits are best left undisturbed.

SPECTRA

Now you've gone and lost the story! What are you babbling about now?

WRAITH

Merely pondering the nature of intention and consequence, my friend. But please, do regale me with the tantalizing details of your-

SPECTRA

Can you stop talkin' like a fortune cookie, asshole?

WRAITH

Okay sorry, but speaking of asshole. You've been pushing the envelope with your antics recently. You alright?

SPECTRA

No idea what you're talkin' bout. I'm just doin' me, as per usual.

WRAITH

Last time I checked, causing an OSHA violation and blowing up a nuclear reactor hardly constitutes as usual Spectra activities.

Screen cuts away to a shot of a nuclear power plant.

SPECTRA

Hmmm, I'm gonna start an osha violation.

Cut to the power plant immediately blowing up in a fiery nuclear explosion.

WRAITH

Or when you curb stomped that old lady

SPECTRA

Hey that broad had it comin'! Who offers raisin cookies anymore, The old hag should know that choco chip is where the party's at.

WRAITH

Again, are you alright?

Room goes quiet for a few seconds as the ghosts are at each other.

SPECTRA

No comment, anyways what's keeping the new guy?

WRAITH

Probably lost. This place is a maze--

Nero walks in.

BOSS

You're two hours and 53 seconds late on your second day, human. That doesn't bode well.

SPECTRA

Where have you been young lady?!

WRAITH

Yeah you had us worried sick!
