INT. LIVING ROOM - MOMENTS LATER

Power stands over Tamika with his fist clenched. Tamika holds her face in fear.

POWER

Nobody is leaving this house.

DORIAN

Mom! What the fuck!

Dorian tries to make his way over to his mom.

Marcus grabs him and pulls him back.

Power pulls his gun that was hidden on his waist and points it at everyone.

POWER

Now. I tried to be nice but my mind ain't trying to move.

TAMIKA

So now you are trying to kill everyone in here? We were not moving so put the gun down.

MARCUS

Tamika! Don't you see the nice man with the gun doesn't want us to leave so we won't.

POWER

(pointing the gun at Marcus)

I don't know what the fuck you doing coming up in here and fucking up my life. Shit was good until you showed up.

MARCUS

I'm here to respect my mother's last wishes.

POWER

Naw! You ain't her brother. You are a cop.

MARCUS

I'm not a cop.

Marcus looks at Tamika with confusion.

Dorian slowly goes over to his mother while Power is distracted by Marcus.

MARCUS

You let them go and I'll be your hostage. Killing women and children ain't gonna look good on your resume.

POWER

Oh?

Power shoots at Tamika and Dorian, but the gun jams.

Marcus attacks Power and they wrestle to the ground. Marcus and Power exchange blow after blow.

While Marcus and Power wrestle, the gun goes off, and both of them stop. They both stare at each other.

Marcus pushes Power off of him.
Power has a gunshot in his chest.
