START HERE

Rebecca walks up to Madelyn sleeping on the couch and pokes her hard.

REBECCA

What the fuck, mom?

MADELYN

(sleepily)

What? What's going on?

REBECCA

What's going on?! You left your fucking evidence in the bathroom again! I don't need to see that shit, my siblings don't need to see it either!

MADELYN

Hey! Watch your mouth! I'm your mother.

REBECCA

(laughs)

Yeah, some mother! When's the last time you were here to take care of any of us? You're always leaving me to take care of everything while you're off getting high, or doing God knows wha-

Madelyn stands up from the couch and towers over Rebecca.

MADELYN

You better watch it, watch the way
you're talking to me! You have no
idea the shit I deal with!

REBECCA

What shit?! You haven't had a job the
last couple of years, you don't take
care of your kids, what shit are YOU
dealing with?!

MADELYN

You've always been a selfish little
bitch who has never appreciated the
sacrifices I have made! Go to hell!

REBECCA

I am already there!

MADELYN

Ha - you know, they told me to abort
you.

REBECCA

Oh, fuck you.

MADELYN

What did you just say to me?

REBECCA

Fuck. You.

MADELYN

Get out of my fucking face!

Madelyn pushes Rebecca, hard, to get her out of her space.

Rebecca has a kneejerk reaction and pushes her back.

REBECCA

Don't fucking touch me!

MADELYN

Oh, you've done it now!

Madelyn takes her cellphone out of her pocket and begins dialing a number.
